CHARLOTTE HOBBS MEMORIAL LIBRARY
Electric Vehicle ("EV") Charging Station

HOW TO PAY FOR CHARGING

Users have two simple options to pay/authenticate at the Library charging station:

1. *Use the **FLO App** on a smartphone.*
   - *Users can create an account and then add credits via credit card payment.*
     OR
   - *If they would rather not create an account, they can proceed as a guest.*

2. *Use the App of another EV Charging Network that has a roaming agreement FLO, including **ChargePoint**, **Shell Recharge Solutions**, **Electric Circuit**, & **e-Charge**. Membership in any of those other networks allows access to activate the CHML stations from those other network apps.*

Do I need a FLO membership to use the FLO App or activate the CHML chargers?

No, to activate the station without being a FLO member, you can either:
1. *Activate a session through the FLO App as a "guest," by providing an e-mail and credit card number.*
   OR
2. *Activate a session through the app of a partner network, such as ChargePoint.*
